

HUNT BROOK II

Tilton, New Hampshire

The Hunt Brook II development is a 27 lot affordable housing subdivision conveniently located off Sherwood Drive in Tilton, New Hampshire. The Cuoco & Cormier development team coordinated with the community to create an attractive and effective layout for 27 pre-manufactured homes at the site. A key aspect of this project for the town of Tilton was that it supported municipal efforts to provide additional affordable housing in town.

Cuoco & Cormier Engineering created a 27 unit site plan design that satisfied all setback, septic, storm water, utility and roadway requirements of the town, as well as the procurement acquiring of an alteration of terrain permit from the New Hampshire Department of Environmental Services.

Cuoco & Cormier Engineering, Rodger's Development Company, and the town of Tilton worked together to bring this plan to fruition. This project supports the local master plan by providing additional workforce housing in Tilton.
